Sir:

The above-identified application became abandoned for failure to pay Issue Fee due on 6/13/01. The entire delay in submitting the required issue fee payment was *unintentional*. The practitioner hereby attests to the fact that a search of the file jacket and docket records indicate that a Notice of Allowance and Issue Fee Due was never received.

Practitioner is aware of abandonment of patent application after calling the USPTO for status on August 22, 2001, and receiving copies of the file wrapper on August 30, 2001 (Power to inspect and copy enclosed "C"). Notice of Allowance and Issue Fee Due was mailed to Practitioners' old address. (enclose "D")

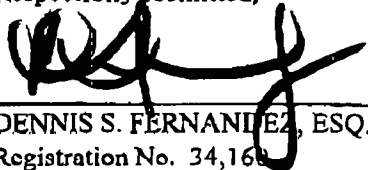

Our docket system is IP CTS Version 4.4.14 FlexTrac® and the practitioner hereby declares that FlexTrac screens cannot be modified; enclosed manual log of USPTO received correspondences have not been modified either. Copies of the docket screens and correspondence log, which are proof that the Notice of Allowance and Issue Fee Due was not received, are enclosed:

1. From our CTS backup: Patent screen of the above-identified application that shows serial number, filing date and title, with no reminder of issue fee payment due (last entry on 1/5/01) (enclose "E")
2. From our CTS backup: More Data screen of the above-identified application that does not show any entry in the Allowance/ Issue Fee box (last entry on 1/5/01, same as previous one) (enclose "F")
3. From our manual log of USPTO received correspondence: Copies of the manual log in consecutive pages (page 3 -35) that does not show any entry of FERN-P003 Notice of Allowance/ Issue Fee Due from 3/1/2001 through 7/5/2001 (enclose "G")

Practitioner had provided to the USPTO new address on several occasions (encloses "H"), however *unintentionally* did not state that an address change is being made.

In view of the above, the entire delay in submitting the required issue fee payment was *unintentional*, and it is respectfully requested to enter the enclosed change of correspondence address

Respectfully submitted,
